SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking
- Public Speaking

TECH SKILLS

- Python
- Java
- C++ (Intermediate)
- C (Intermediate)
- Data Structures
- Algorithms
- SQL, MySQL
- Machine Learning
- Web Development

LANGUAGES

- English
- Hindi
- Bengali
- Odia

PROFILE

Computer Science undergraduate skilled in Java, Python, C, C++, and Full-Stack Development, with practical experience in AI projects, internships, and hackathons. Strong team player with effective leadership and problem-solving capabilities.

EDUCATION

Siksha 'O' Anusandhan University
Bachelor of Technology
CGPA: 9.61

Buxi jagabandhu bidyadhar autonomous college
Council of Higher Secondary Education
Percentage: 94.16

Saraswati Shishu Vidya Mandir
Higher Secondary Education
Percentage: 90

PROJECTS

E-commerce Platform Development
Spearheaded the development of an end-to-end e-commerce platform, integrating payments, cart functionality, and order management
Technologies Used: *React, Node.js, MongoDB, Express, Stripe API*

Secure Voting Platform
Developed a Decentralized Voting System with my team using the Ethereum blockchain to enable secure, transparent, and tamper-proof elections
Technologies Used: *Socket.io, Node.js, Express, MongoDB*

KrishiMitra
A smart agriculture platform developed with my team that was selected for SIH ,it empowers farmers with data-driven insights and digital tools like weather updates, pest and disease guidance, irrigation planning, market price information, and access to government schemes etc.
Technologies Used: *JS, PHP, MySQL, REST APIs, and basic AI/ML*

ACHIEVEMENTS & HACKATHONS

- Adobe India Hackathon (Round 1)
- Advanced to Internal Round of Smart India Hackathon(Top 50)
- HackVerse Certificate
- Script Writing Certificate
- TechWiz 2.0 Certificate
- Certificate of Endeavour : The Tech Brew
- CodeClash Certificate
- Letter of Recommendation (Skillcraft Technology)
